

Vintage News: Fireworks & Directory

Updated Vintage Phone Directory

The present Vintage Phone Directory will be updated in the coming weeks. The board felt it important due to the new Vintage Disaster Preparedness emergency plan. Full **address, phone and email** will be requested, including **names of people in the household**. Each family will be able to decide what they want to be listed on the website and can opt to be *'unlisted'*, but the paper directory needs to be an accurate listing of our current community & an will be redistributed to all.

Some Fourth of July Fireworks not allowed

The board reviewed the fires that were caused by fireworks around July 4th, 2003. In consultation with the fire dept. and comments from the community, the board passed a motion for a policy against any aerial fireworks within Vintage nor any fireworks of any kind directed toward the Westgate community below us. Small, legal fireworks that stay on the ground may be permitted on pavement. Please avoid fireworks on sidewalks due to discoloration. Please keep water hose at the ready when using fireworks.

Good

Sparklers, ground blooming flowers, ground rollers, pops, firecrackers, fountain displays, spinners pinwheels

Not Good

Bottle rockets, M-80's, cherry bombs, roman candles, rocket-propelled, mortar or tube launched displays

Don't launch anything toward or over a home, person or off the slope toward our neighbors in "Westgate"

★ Need to update your info in the Directory?

- ★ Please change my family info as follows:

- ★ My street address is _____
- ★ Please omit the following contact info from the password-protected web directory:
 All Omit only: _____

- ★ Please leave taped to your door Thurs, 6/17 by 7pm or call Dana at 566-9356 or email dana@webtalkradio.com with info
